

Hello!

Hi, first thank you for to read my letter and sorry for your time and my spelling also

If you don't remember me I introduce myself I'm RANDRIAMIHANTA Idjanahary Hasina but every one call me just Hasina, I'm 14 old and I like English because I enjoy to pass on with a lot of persons around the world. and it's also my favorite subject at school. I live in Madagascar in Morondava (city). I began to study 8 months ago during the big holiday. It was difficult, but I learnt to enjoy it when I saw many students who speak very well English. I think that all about me. I just wanna say to you thank you to talked with me last time with Mister Moral.

I wish that we will met you if you wanna go to Madagascar of course I'll talk with you about my town and many things. I'll continue to study English. It was wonderful so nice to met you again. It was a pleasure.
See you!
